## Terms of Service

To make sure we know what to expect from each other, WeTransfer has written down the conditions that apply when it provides services to its users. By using the website or file transfer service you agree to be bound by these Terms of Service, the Notice and Take Down policy and the Privacy & Cookie Statement. The provisions of these Terms apply to both the regular WeTransfer service and our WeTransfer Plus service, unless explicitly mentioned otherwise. To enable easy reading of this document, we have separated the text into a left column, with the binding text in 'legal speak', and a right column, with the non-binding text in simple speak. We hope this helps you to get a good understanding of what we offer you, what you can expect from us and what we expect from you.

### In simple speak

Please read the Terms carefully. Words with a Capital letter are special. If you use our service, you agree to the Terms of Service, NTD Policy and Privacy & Cookie Statement

## You have read and understand:

### Acceptance of the Terms and Definitions

The Terms of Service and underlying Notice and Take Down Policy ("NTD Policy") and Privacy & Cookie Statement ("Terms") are an agreement between you ("You", "Your", etc.), the user of our file transfer services ("Service") provided through the website or domain WeTransfer.com ("Website") or Your WeTransfer Plus account ("Account") and WeTransfer B.V. ("WeTransfer", "We", etc.), with its main office at Oostelijke Handelskade 751, 1019 BW Amsterdam, the Netherlands, registered at the Dutch Chamber of Commerce under 34380998. WeTransfer is the owner and rights holder of the Website and provider of the Service.

Privacy, cookies and illegal content are hot topics; they're so important they had to go into other documents.

By accessing or using any part of the Website, creating an Account and/or using the Service You agree to be bound by these Terms, including the NTD Policy and Privacy & Cookie Statement that form an integral part of these Terms. In the event that WeTransfer finds or is notified of presumed unlawful activity, WeTransfer reserves the right to follow the procedure described in the NTD Policy. For more information on how WeTransfer handles personal data and cookies, please see our Privacy & Cookie Statement.

These Terms overrule anything we might have told you previously or that you came up with yourself.

These Terms supersede any and all prior oral and written quotations, communications, agreements and understandings between You and WeTransfer. These Terms shall apply in preference to and supersede any and all Terms of any use of any kind by You. In case these Terms shall become partly invalid, You and WeTransfer remain bound to

the remainder of these Terms.

## Revisions

Note that WeTransfer may revise these Terms from time to time. Each revised version shall be dated and posted on the Website. WeTransfer recommends that You review the Website from time to time and take note of any changes. If You do not agree with the Terms, including the NTD Policy and Privacy & Cookie Statement, You should not or no longer access or use the Website and/or Service. By continuing to use the Website and/or Service You accept any changes made to the Terms, including the NTD Policy and Privacy & Cookie Statement.

### In simple speak

We change the Terms every so often. Keep an eye on the website to check if they've changed. If you don't agree with them (anymore), don't use the service.

## Confidentiality

Any file transfer between You and recipients is treated confidentially. WeTransfer does not provide any search function, catalogue or listing to find transfers that would be available, except if You are holding a Plus account as to ensure that you can find your own transfers. WeTransfer will not look into your transfer or files, unless this is necessary and in line with our Privacy & Cookie Statement, for instance to provide You with (technical) support on Your request. Please be careful to distribute download links - whoever is passed on or has access to a download link can download the files contained in that transfer.

We treat your stuff with respect. We don't let anyone search for anything on the website. Be mindful of where and how you share download links. When someone has access to a download link, they have access to the transfer it links to.

## Service

### WeTransfer

WeTransfer provides You with the infrastructure and facilities to transfer digital files up to 2 gigabyte (GB) per transfer to others and/or Yourself over the internet via our Website under the conditions as stipulated in these Terms. WeTransfer transfers all kinds of files, subject to these Terms. Our regular Service is free from registration and charge thanks to the full-page wallpaper ads from our selected advertisers. Special features and functionalities are available at a charge, such as WeTransfer Plus. With WeTransfer Plus, you can also make your own WeTransfer Profile with your own wallpapers showing instead of ads from our selected advertisers.

You can use our service for free, to send up to 2 GB per transfer. If you want special functionalities or no ads, you can pay to get a WeTransfer Plus account.

Uploaded files are stored and available to download on WeTransfer's servers for a period of 7 days. After this period files are permanently deleted to make room for new transfers. Each file can be sent to up to 19 email addresses per transfer, each email is sent separately to each individual

If you upload something, it will be available for limited time. Transfers are deleted after they expire. Once deleted, they're gone. You can send a transfer to a maximum of 19 people at once.

recipient. When You have successfully uploaded Your files, both You and the recipient(s) each receive a personal email with download details, including a download link.

### **WeTransfer Plus**

WeTransfer Plus is a subscription version of the regular WeTransfer with advanced facilities to manage Your files under the conditions as stipulated in these Terms. The WeTransfer Plus Service enables You to transfer digital files up to 20 gigabyte (GB) per transfer. Each file may be sent to up to 99 email addresses per transfer, though each email is sent separately. You may transfer an unlimited amount of files, provided Your storage for transferring purposes does not exceed 100 GB in total. WeTransfer stores and holds available the files You transfer through our Service for a standard period of 30 days, unless You choose to have it stored for a shorter or longer period provided You hold an active Account. When Your WeTransfer Plus account is terminated, Your files are permanently deleted.

WeTransfer Plus provides You with our Service on Your personalized subdomain, three wallpapers spaces and a customizable email template in the form of Your own WeTransfer Profile (“Profile”). WeTransfer is not liable to You or any third party for any damages arising out of the use, reuse, or adaptation of background wallpapers chosen independently by You, including but not limited to, copyright protected works and/or trademarks. WeTransfer does not hold a listing of active Profiles, but please keep in mind that Profiles are openly accessible for anyone to use. Files transferred through a WeTransfer Profile are stored and available for download for a period of 28 days.

### **Wallpapers**

The wallpapers, including photography, graphic design, typography, portraits and logos, as well as trademarks, service marks and trade names featured on wallpapers used within the Service, are the intellectual property of their respective rights holders. You are not allowed to copy, reproduce, make available online to the public, sell or reuse wallpapers in any way without the permission of the rights holder. WeTransfer is not responsible or liable for the contents of wallpapers, in-ad links to external websites or the contents, products or services offered on external websites. You accept that all use outside the Website is at Your own risk.

If you use WeTransfer Plus you can send tons of large files and keep them available online for up to one year (or longer if you extend/automatically renew your Plus account).

Your WeTransfer Plus Profile is an open URL, so others can visit you. We don't let people search for Profiles. Files sent through a Profile are available for 28 days by default.

The wallpapers always look amazing, but most of them aren't ours, or yours. Don't steal other people's wallpapers. We're not responsible for the contents of wallpapers, the links in them or the websites they link to.

Account on our Website. To register for an Account You need to fill in Your personal details, including email address, a password and payment provider of Your choice and pay the subscription fee. Make sure the personal information in Your Account is complete and up-to-date at all times. You are also responsible for keeping Your Account details to yourself as well as for any actions taking place from Your Account.

#### **In simple speak**

We are open and clear about who we are and would like the same from you. Keep your details up to date and to yourself. We'll remember who you sent stuff to, to make life easy.

You can manage the files You have stored for transferring purposes through Your Account. For Your ease of future use WeTransfer remembers the email address(es) You enter for Yourself and those of Your recipients. For more information, see the Privacy & Cookie Statement. It is also possible to import an address by copy-pasting it into Your Account and to add new recipients to Your address book.

### **Subscription and payment (WeTransfer Plus)**

By signing up for a WeTransfer Plus Account and providing us with Your payment information, You hereby agree to the following payment terms and conditions.

#### **Annual subscription**

The subscription fee for an annual WeTransfer Plus Account is 120 USD (\$120) excluding VAT or 120 EUR (€120) including VAT per year, charged through the payment provider of Your choice. Your annual WeTransfer Plus Account will not expire after the first year, but will be renewed automatically. This means that You will be billed in advance on a recurring, periodic basis ("Billing Cycle").

To use our Plus service for one year, we ask a fee of 120 USD/EUR. We'll automatically renew your account, and will notify you about this before the charge.

Billing Cycles are annual. We will automatically bill You each year, 2 weeks prior to the calendar day corresponding to the commencement of Your annual WeTransfer Plus subscription. You acknowledge that the amount billed each year may vary for reasons that may include but are not limited to: differing amounts due to promotional offers or changes in the amount of applicable sales tax; and You authorize WeTransfer to charge You for such varying amounts. WeTransfer notifies You via the email address You provided us when the payment of Your (next) account fee is scheduled.

#### **Monthly subscription**

The subscription fee for a monthly WeTransfer Plus Account is 12 USD (\$12) excluding VAT or 12 EUR (€12) including VAT per month, charged through the payment provider of Your choice. Your monthly WeTransfer Plus Account will not expire after the first month, but will be renewed

If the tax rules change, or you get a discount, the price will change.

automatically. This means that You will be billed in advance on a recurring, periodic basis (“Billing Cycle”).

Billing Cycles are monthly. We will automatically bill You each month, 1 week prior to the calendar day corresponding to the commencement of Your WeTransfer Plus subscription. You acknowledge that the amount billed each month may vary for reasons that may include but are not limited to: differing amounts due to promotional offers or changes in the amount of applicable sales tax; and You authorize WeTransfer to charge You for such varying amounts.

We work with trusted payment intermediary Adyen (Adyen.com). Adyen supports credit cards, PayPal and local payment systems. It is Your responsibility to have sufficient balance to enable the subscription fee to be collected. WeTransfer sends you a confirmation of renewal via the email address You provided us. In the event that the subscription fee can, for any reason whatsoever, not be collected, Your Account will be terminated.

You may cancel auto-renewal on Your WeTransfer Plus subscription at any time by emailing us (plus@wetransfer.com) or by changing Your settings in Your Account settings. You must cancel Your WeTransfer Plus Account before it renews in order to avoid us billing You for next year’s or month’s fee. In case of cancellation Your subscription will continue until the end of that Billing Cycle and You do not have any right to reimbursement of (part of) the subscription fee. Upon termination, Your Account, including Your personal data, address book and any files stored for transfer, are directly, automatically and permanently deleted.

If You want to use a different payment method or if there is a change in Your payment information, You may change Your Account settings as to be able to renew Your Account manually instead. You can then adjust Your Account information during the renewal process.

You are responsible for ensuring that all of Your Account information, including Your email address and all payment information is complete and up to date at all times. If Your credit card expires or the payment information is otherwise invalid, the recurring payment attempt of Your WeTransfer Plus subscription will fail, which can lead to termination of Your Account. However, You will receive a notification email about this failed attempt and You will be able to renew Your Plus Account manually.
